

Careers

Our activities are well known for our large experience matured in the shipping business and with major marine Underwriters, P&I Clubs and Courts.

Our teams attended worldwide thousands of marine claims with all type of casualties.

If you are ambitious and you have already acquired an experience as marine engineer, cargo claims recoveries, and you are ready to work independently, please send your application to:

office@gimshullmachinery.com

Our Principals will examine your profile and experience background and we let you know.
