

Ships surveyors operating in the marine field

GIMS – GLOBAL INDEPENDENT MARINE SURVEYORS LTD (GIMS) is an international Company based in London, born after the positive experience lived with previous sister Company IIC LTD (IIC).

GIMS has been created for supporting our international Clients (H&M and Energy Underwriters, P&I Clubs, Legal Advisors, Onshore and Offshore Operators, Shipowners). With our experts, naval architects, forensic surveyors, marine engineers, master mariners, we perform our best services and assistance as for Clients needs.

Our surveyors have decades of relevant experience in a wide range of disciplines and shipping business. They can carry out missions to support Insurances in any damage claims.

The proven experience of each individual **GIMS** surveyor offers a total positive synergy for tackling any damage event.

GIMS LTD prevalently acts for:

- ✔ Marine Underwriters
- ✔ P&I Clubs
- ✔ Shipyards
- ✔ Maritime Lawyers
- ✔ Loss Adjusters
- ✔ Shipowners
- ✔ Onshore/Offshore Companies

In this context we established a global network of Associates in various countries.

Recently we have enriched our skilfulness and our capability with a cooperation agreement with **PMSC S.A.** a Swiss company dealing with LNG Transportation, LNG Bunkering and Oil & Gas related Project Offshore and Onshore.

Furthermore a special "**TASKFORCE**" against fraud is offered to Underwriters and supervised by our Mr. Franco Schiralli (**FRANCO**), Managing Director.

Clients are able to rely on **GIMS** prompt reaction to a casualty and together have an appropriate strategy. Sometimes, as required by the circumstances and casualty place, we can appoint lawyers and adjusters.

In our Company are operating experts, surveyors, engineers in following fields:

- 👍 **MARINE**
- 👍 **TRAINING**
- 👍 **ENERGY & POWER DIVISION**
